RE: Affiliation Appreciation

Dear Jessica,

On behalf of the Offices of the Dean and Clinical Affairs for Marieb College of Health & Human Services, we want to thank you and the Premier Inpatient Partners, LLC team for your participation in student clinical education during the 2021-2022 academic year.

Clinical education is the lifeblood of our programs, and without it, our students would lack the necessary personal connection and real-world experience they need to be successful in both their academic and professional pursuits. These experiences that you have provided will ultimately ensure our students progress towards program completion and prepare them to be better practitioners in their fields of study.

Included with this letter is a certificate of appreciation that you can proudly display, highlighting your commitment to the education of future generations of healthcare providers in our community. While this small token of our appreciation obviously doesn't compare to the value you bring to our college, it is recognition of your worth to us. We sincerely hope that you can continue to support Marieb College and our students in the new year and in future years to come.

Have the happiest of holidays and a safe New Year!

Warmest regards,

Shawn D. Felton, EdD, LAT, ATC
Interim Dean, Marieb College of Health & Human Services
Florida Gulf Coast University

P.S. Go Eagles!
